BRISTOL COUNTY TUBERCULOSIS HOSPITAL.

In accordance with Chapter 286, Section 11, of the General Acts of 1916, the County Commissioners organized as Trustees by the choice of Richard E. Warner as Chairman, and elected Dr. Adam S. MacKnight, Secretary and Superintendent and Edgar L. Crossman, Treasurer.

REPORT OF THE SUPERINTENDENT.

To the Trustees of the Bristol County Tuberculosis Hospital, Mr. Richard E. Warner, Chairman.

Gentlemen:

I have the honor to submit herewith the report of the Bristol County Tuberculosis Hospital for the year ending December 31, 1919.

The hospital was opened for the reception of patients November 15, and the first patient came on the 17th.

There have been 16 patients admitted since the day of opening. That the hospital was not opened to the general public, city and town boards of health, may in part, account for the rather small number of admissions to date.

Doubtless, too, there are now cases in other hospitals and various State Sanatoria where they were placed previous to the opening of the Bristol County Tuberculosis Hospital.

The high cost of living, and the difficulty in getting competent domestic and other help, have confronted us, an endeavor is being made, however, to overcome these difficulties and obtain the necessities of life at as reasonable a price as possible, at the same time aiming to maintain the highest standard. Costs of food, etc., are watched carefully and with the new year, the cost per capita, and the food values best adapted to the tuberculous, will have careful and special consideration.

TREATMENT.

Pertinent to the treatment of tuberculosis the following extracts from Bulletin No. 29 of the Federal Board for Vocational Education, are given:

"The recognized treatment of the disease has become almost standard throughout the world. The purpose of treatment is the building up of the body, the healing of damaged tissues, and the walling in of the germs so that they may not be conveyed to other points, forming new foci of destructive activity. There are no medicines, tuberculins, serums, or vaccines that will cure tuberculosis. Nature heals and the patient helps by securing rest, fresh air, proper and sufficient food, and by maintaining a sanguine and tranquil state of mind. And it takes time,—a long time—to heal tissues that have been invaded by so insidious a foe as the tubercle bacilli. Not months but years are usually required to bring about permanent arrest of the disease. The battle is a long and tedious one. It is a passive fight which is the hardest for previously active men to settle down to. New habits of life must be learned and a new self-control acquired. Hence the value of a period of treatment in a well-conducted sanatorium which is more a school of life than a hospital.

"Rest is of a prime importance. This sounds very simple, but it is less so than at first appears. It involves not only physical passivity but mental quietude. One cannot rest who is all keyed up by an exciting book which has been read to him, nor can one rest if worried over family or financial troubles. In the very beginning of treatnent it is generally necessary that the patient remain absolutely quiet in bed. It may be for a few days or it may be for a number of weeks. Too much emphasis, however, has been placed upon muscular

rest without due consideration of mental rest. It is quite impossible for some temperaments to lie still and not become mentally restless. There is, therefore, an increasing drift toward diversional and occupational therapy, even while the patient is yet confined to his bed. * * * *

"As soon as symptoms subside, carefully prescribed and supervised exercises begin. There is no difference of opinion among physicians concerning the value and necessity of rest in the treatment. As to how long complete rest shall continue there are differences. If the patient's exercise is carried out under medical supervision, it is quite possible to keep a strict check on the case and curtail the exercise privilege when it grows too great.

"It is impossible for the average patient to keep these necessary checks upon himself, particularly if he has not had the training of sanatorium life. Hence the home treatment alone is dangerous. The untutored and unsupervised case may undo in an hour what has been gained in two weeks. A certain young man with early tuberculosis insisted upon treating himself by going to live on a farm. He was walking along the railroad track one day when it began to rain, and a passing hand car picked him up. Not wanting to ride without doing his bit, he helped 'pump.' This brought on a hemorrhage and reactivated the disease. Some unforeseen contingency, some thoughtless act, breaks the unsupervised consumptive.

"Fresh air, and preferably outdoor air, both night and day, is next in importance in the treatment. * * *

"Climate is of less importance. Tuberculous people can and do get well in all sections of the country—in the mountains, at the seashore, on the prairies, North, South, East and West. Without

question there are some regions that are better than others for the tuberculous, but they are not always those regions that have the reputation of being the best. Climate can not take the place of good medical and nursing care. If one has ample funds to seek a more favorable climate and get its benefits under medical supervision, the change may be very desirable. If one must look for a job or is going to be depressed by the separation from family and friends, then one might better remain at home and secure treatment in a near-by sanatorium. * *

"Good food and plenty of food is necessary for the building up of the tissues. A well-balanced ample ration is of the greatest importance."

Furthermore, according to Dr. Rupert Blue, of the U. S. Public Health Service,

"The old idea that tuberculosis patients must seek a high altitude and a dry climate has been found to be wrong. It is not generally necessary or even desirable to make a radical removal.

"A patient with far advanced or rapidly progressing disease should never be sent to a distant place. It has been an axiom for many years that a consumptive improved faster or got worse faster, as the case might be, in the arid southwest. Expert care, the solace of friends and relatives, familiar surroundings and a contented spirit are of greater importance than climate.

"Patients with tuberculosis of the larynx, bones or joints, are more in need of highly specialized hospital treatment than of climatic change, and the reasons often urged for climatic transfer are often the very reasons why a transfer should not be made."

By the Acts of 1916, Chapter 286, the following cities and towns in Bristol County, viz:

Acushnet	North Attleborough
Attleboro	Norton
Berkley	Raynham
Dartmouth	Rehoboth
Dighton	Seekonk
Easton	Somerset
Fairhaven	Swansea
Freetown	Taunton
Mansfield	Westport

are furnished hospital accommodations at the Bristol County Tuberculosis Hospital.

RECEIVING PATIENTS.

Patients desiring to be admitted to the Hospital make application to their physician, or, to the Board of Health of the city or town wherein they reside. Any registered physician may fill out the blank form of application, but it must be endorsed by the local Board of Health. Application blanks are supplied to the Boards of Health by the Superintendent of the Hospital.

THE COST.

A charge of $10.00 per week is made in every case residing within the County, and is to be paid by the patients, or those legally bound for their support, or by the local Board of Health, as circumstances may require. A charge of $20.00 per week is made in every case residing without the County and is to be paid in the manner indicated above.

REQUIREMENTS.

Patients entering this Hospital are requested to provide themselves, before leaving home, with the following articles:

For Winter:

At least two sets of warm underclothing.

Two or more sets of outing flannel pajamas. (Both men and women should wear these instead of nightgowns).

Pair of arctic overshoes.

Cap with ear laps, or hood.

Pair or warm mittens or gloves.

Bath robe and bedside slippers.

Hair brush, comb and tooth brush.

Heavy woolen socks, for night wear, in coldest weather.

Flannel night cap.

Ulster or fur coat.

For men: Negligee shirts of cotton or outing flannel.

For women: Neat, plain waists and skirts.

For Summer:

Ordinary summer clothing.

Pair of rubbers.

Overcoat or rain coat.

All shoes should be rubber-heeled.

All clothing sent to the laundry must be marked with the patient's name.

Patients should make all arrangements for their needs, including necessary dentistry, before entering the Hospital, as they will not be allowed to go home for that purpose. Patients shall not bring liquors with them, or have any sent to them, while at the Hospital, under penalty of dismissal.

VISITING DAYS.

Visiting days are Wednesdays, Fridays and Sundays, from 2 to 4 P. M.

The hospital has a minimum capacity of 60 beds. There is a men's ward, women's ward, and a children's ward, all modernly equipped with diet kitchens, utility rooms, lavatories with shower bath appliances, etc., etc., also an examination, waiting, and rest room. There are verandas on three sides of the hospital, so that patients may be easily moved outside from the wards.

The administration building consists of the offices, trustees' room, rooms for employees, dining rooms, kitchen, store rooms, dormitory, laundry, boiler room, etc., etc.

The Superintendent's residence is near the administration building and convenient to the hospital.

NEW CONSTRUCTION AND REPAIRS.

Since the building of the hospital, new construction has consisted of an ice house, refrigerators (large ice box and service box), basement of the Women's Ward, rest, waiting, office, medicine, and examination rooms, two closets, three store rooms, morgue, and autopsy room, with modern facilities.

There has also been extensive grading and regrading; a sluice way from the pond through the embankment; two new cesspools, and new electrification in the ice house, basement, garage, etc.

In addition to the improvements of the property, before mentioned, there has been repair work on the farm; and three shelters, (i.e. small houses) have been built for the pigs.

PRODUCE FROM THE FARM.

The farm has furnished the hospital with the following produce:

Beans (Eye)	Onions
Beets	Peppers

Cabbage	Potatoes
Carrots	Squash
Chickens	Tomatoes
Corn	Turnips
Cucumbers	Water Melons
Musk Melons	

MILK SUPPLY

The milk supply is obtained from the Bristol County Agricultural School. It is delivered daily, in clean up-to-date sanitary containers, amd is of good quality, the equal of the best dairies within the county.

STATISTICAL.

The hospital opened for the reception of patients on November 15, 1919, and the first patient entered on November 17.

During the period covered by this report, viz: November 15 to December 31, 1919, 16 patients have been admitted—8 in November and 8 in December. Of this number 2 have left against advice, 1 in November (twice), 1 in December and 1 died in December. They were admitted from the following towns, as indicated:

Easton	1
Fairhaven	1
Mansfield	1
N. Attleborough	2
Taunton	11

Two of the patients were transfers, 1 being a Fairhaven case who had been at Plymouth County Hospital, (3 months) pending the opening of the Bristol County Tuberculosis Hospital, and 1 a Taunton case coming from Lakeville, where she had been a little over 2 months.

AGE RANGE.

The ages of the patients ranged from 7 to 66, as follows:

1-7 years	1-36 years
1-15 "	1-40 "
1-19 "	1-41 "
1-21 "	1-43 "
1-23 "	1-44 "
1-27 "	1-63 "
1-33 "	1-66 "
2-34 "	

and 11 were men (including 1 boy) and 5 women (including 1 girl). Nine of them are married and 7 single.

NATIONALITY.

The nationality is as follows:

American	5
French Canadian	4
Irish	3
Portuguese	2
English	1
Italian	1

FAMILY HISTORY.

There was a positive family history of tuberculosis in 3 cases; negative in 11 cases; and not known in 2 cases.

PERSONAL HISTORY.

As to previous personal history:

Frequent coughs	1
La grippe with hemorrhage in 1890	1

Pneumonia with pleurisy	1
Marasmus baby, whooping cough, influenza, pneumonia	1
Bronchitis, influenza	1
Bronchitis, pleurisy	1
Pleurisy and bad habits	1
Apparently always well	2
Pleurisy and cough	1
Pleurisy	1
Bronchitis	1
Bronchitis (always) influenza (gave birth to child later), blood poisoning, pneumonia, coughs	1
Pleurisy, pneumonia influenza,	1
Influenza	2

One of the above, who had always been well, is an ex-soldier, who was gassed at Argonne Forest, France, in September, 1918.

CLASSIFICATION.

There were 5 "Far Advanced," 9 "Advanced" and 2 "Moderately Advanced" cases.

One patient, whose application is on file, is expected daily.

THERAPEUTIC POSSIBILITIES.

Plans have been made or are in process, for making the hospital as modern, and practical, as possible. It is to be equipped in every particular along practical lines and a special aim will be made to add to these the humane element. In this disease, as in many other cases of sickness, the mind must be considered as well as the body. Treatment of the physical without regard to the mental is a

rather slow process, the physical finally building up the mental and repairing it, if the patients general condition also responds to care and treatment.

Psychology plays an important part in the care of the sick. Conditions must be made as congenial for the patient as a hospital can make them. This ideal location, the opportunities to be offered patients physically able to work, and the recreation planned will, it is believed, provide the essential elements.

Patients, in condition to do so, will be allowed to work. Men are to be granted permission to work on the farm, if they so desire, and they will receive compensation. Patients with trades, and in condition to work, will also be allowed to work. Steps will be taken to keep busy all wishing to work, and all will be paid something.

Women will be allowed to work in the garden, to do knitting, flower, basket and other work. They will be treated, so far as compensation is concerned, as men are.

RECOMMENDATIONS.

1. That shrubbery be set out, also flowers, in order that the patients may, as they sit or recline near the windows and outside, enjoy the beauty thereof.

2. That necessary landscape work be done to still further improve the natural conditions and surroundings.

3. That neat, well located outside shelters, for both men and women, be provided somewhere in the woodland or near the lake.

4. That the porches of the Administration Building and Hospital wards be equipped horticulturally and so make the buildings attractive.

5. That porches be provided at the rear of the Hospital building proper, overlooking the pines and lake.

6. That a moving picture machine be installed.

7. That a Victrola or Pianola be furnished.

8. That an attractive reception room for the social life of the Institution be provided in the main corridor between the Administration Building and the Hospital proper.

FARM RECOMMENDATIONS:

1. That a large 2½ story modern barn be constructed, with barn cellar, in a suitable location convenient to the farm-house, with city water, electric lights and telephone.

It should include four stalls, one of which shall be a box stall; also sheds for carriages and wagons, ploughs, harrows, and other farming implements; a store-room for farm products with a double wall—with an intervening air space; cement floors; corn crib of modern construction; three horses for heavy farm work and one for light delivery or express work between the hospital and Attleboro, and elsewhere, for transportation purposes.

2. That one or two competent farm laborers be obtained.

3. That the farm-house be repaired and put in proper living conditions,—namely modern conveniences, including lighting and heating.

I wish to express my appreciation to the Trustees for their support in matters for the interest of the patients.

Respectfully submitted,

ADAM S. MACKNIGHT,

Superintendent and Physician

Temporary Debt on account of Tuberculosis Hospital, $300,000.00

losis Hospital. These notes together with those previously issued, will be paid the coming year from money to be reimbursed to the County by the cities and towns affected.

During the past year the sum of four hundred and sixty-three thousand, four hundred dollars was raised by direct taxation and it is estimated that the sum of four hundred and seventy-five thousand, five hundred dollars will be necessary for the needs of the coming year. This increase is largely due to an increased appropriation for state roads, the County sharing the expense of same with the Commonwealth and the towns through which the roads pass.

The estimates of the past year proved to be insufficient in the following departments, viz:

Salaries of County Officers; Clerical Assistance in County Offices; Care, Fuel and Lights and Supplies in County Buildings, and Union Training School.

The following is a summary of the receipts and expenditures of the County for the year:

RECEIPTS.

Balance on hand Jan. 10, 1919,	$80,024.23
Amount raised by Taxation,	463,400.00
Amount received from sale of merchandise, interest, dog fund, etc.,	113,650.15
Amount received from temporary loans,	300,000.00
Amount received from sale of temporary notes for Tuberculosis Hospital,	150,000.00
Amount received from bonds issued on account of Agricultural School,	12,000.00
	$1,119,074.38

EXPENDITURES.

Total Expenditures for the year,	$1,028,978.37
Balance on hand Jan. 10, 1920,	$90,096.01

BRISTOL COUNTY TUBERCULOSIS HOSPITAL.

The Hospital, for the construction of which contracts were made in the year 1918, has been completed and equipped and opened for the care of patients. The total cost of the same was $297,133.68, which sum has been apportioned to the several cities and towns liable in accordance with the Act of the Legislature authorizing the same.

PETITIONS ENTERED DURING THE YEAR.

E. P. Charlton, Petitioner for abatement of tax vs. Town of Westport. Parties heard. Petition dismissed April 1, 1919.

Edward J. Heffernan et ali., members of the Board of Aldermen of the City of Fall River, Petrs. for leave to lay out Cory Street across the tracts of the Old Colony Railroad Company and the New York, New Haven & Hartford Railroad Company. Parties heard. Decree entered July 14, 1919.

Walter M. Lowney, Petr. vs. Boston & Providence Railroad Corporation. Petition for assessment of damages for taking land for depot purposes. Dismissed without prejudice.

John R. Barrett et ali., Petitioners for leave to lay out Purchase Street in New Bedford under the tracts of the Old Colony Railroad. Heard and case continued for further hearing.

Upon the petition of Eugene B. Gifford vs. the Town of Westport for abatement of tax, petition dismissed April 8, 1919.

No petitions were entered during the year against the County in the Superior Court.

During the year the County Commissioners voted to make allowances to the following towns in the county for specific repairs of certain highways, upon condition that the State Highway Commission and the towns each make an allowance of a like amount viz:—

Freetown,	$2,500.00
Seekonk,	4,000.00
Easton,	3,000.00
Acushnet,	2,000.00
Swansea,	1,750.00
